

CITY OF CENTRALIA, MISSOURI PRESS RELEASE

FOR IMMEDIATE RELEASE

August 29, 2011

As a public service to Centralia area residents and businesses, the City of Centralia, Missouri has obtained from the Missouri State Treasurer’s office an electronic list of individual and business property owners of “unclaimed property” with a Centralia postal address (65240 zip code).

The electronic list of unclaimed property owners with Centralia postal addresses is part of a larger list of unclaimed property owners that can be searched on the website of the Missouri State Treasurer’s office for unclaimed property: www.ShowMeMoney.com.

The list of Centralia area residents and business property owners with possible unclaimed property claims obtained by the City of Centralia can be reviewed two different ways: (1) A 71-page electronic PDF file of the complete list can be accessed on the City of Centralia website home page www.centraliamo.org under News and Information; and (2) A print copy with part of the information found on the electronic PDF file can be reviewed at the front counter at the Centralia City Hall. None of the information on either list is private information. It is available to the public from the Missouri State Treasurer’s website. The State Treasurer’s office has informed the City of Centralia that if the last column of the 71-page electronic PDF file entitled “Amount” shows no dollar amount next to an account listed, that is because the account is for \$50.00 or more.

Persons will need to determine for themselves after reviewing the information whether the amount and/or type of unclaimed property is worth the effort to file a claim to obtain the unclaimed property from the Missouri State Treasurer’s office.
