## PROCLAMATION

### A PROCLAMATION DESIGNATING APRIL 11-17, 2021 AS

### "CENTRALIA LINEMAN APPRECIATION WEEK"

**WHEREAS**, the second Monday of April has been designated an annual observance of "Missouri Lineworker Appreciation Day" by the Missouri legislature; and

**WHEREAS**, the Centralia Electric Department is a valuable community asset that contributes to the well-being of local citizens through customer service, environmental protection, economic development, safety awareness, and energy efficiency; and

**WHEREAS**, Lineman are often first responders during storms and other catastrophic events, they diligently work to make scenes safer for other public safety officials; and

**WHEREAS**, while we are taking shelter from storms, linemen are going out to ensure the citizens of the City of Centralia have electricity; and

**WHEREAS**, the profession of Lineman is steeped in personal, family, and professional tradition and dedication; and

**WHEREAS**, Centralia's Linemen work with thousands of volts of electricity high atop power lines twenty-four hours a day, 365 days a year, to keep our lights on or return electric power to our homes and businesses; and

**WHEREAS**, the Linemen of the Centralia Electric Department often work under dangerous conditions and put their lives on the line every day to construct and maintain the energy infrastructure of Centralia; and

**WHEREAS**, April 11 - 17, 2021, is an appropriate week to designate as "Centralia Lineman Appreciation Week":

**THEREFORE**, by this proclamation, the City of Centralia commends and does hereby express heartfelt appreciation to all the men who so diligently serve to ensure that electrical power continues to flow to the homes and businesses of this city despite severe weather, accidents, and system malfunctions; and

I, Chris Cox, Mayor of the City of Centralia, do hereby proclaim and encourage the citizens of Centralia Missouri to recognize this week, April 11-17, 2021) as "Centralia Lineman Appreciation Week" in support of the contributions of the brave men and women who keep the power on and protect public safety. **Dated this 11th day of April 2021.**

Mayor Chris Cox

# ***STREET DEPARTMENT***

## ***Activity Report for March 2021***

- Collected and bailed cardboard from businesses 3 days a week
- Cleaned up several large piles by the recycling bin this month
- Did 100 locates
- Had a budget mtg with Mike and Heather
- Attended weekly dept. head meetings
- Attended city council mtg on 3/8/2021
- Swept streets
- Piled brush at drop off site and at old landfill site several times
- Met with Charlie Stidham and discussed inlet on Jefferson st. by his bldg.
- Met with Jack Hargis and discussed drainage in alley
- Spent several days patching potholes
- Spent several days helping the water dept. install valves, pour concrete, and back fill holes and haul off debris, and unloading semis
- Repaired school sign on Jefferson
- Replaced post and put up stop sign back up at Maple/Sims that was run over
- Put up street name and no parking sign at Allen/Wilson that was run over
- Met and talked with contractor at Eagle Stop about pumping water
- Added rock and smoothed up several shoulders
- Serviced 1 ton dump truck #10, dump truck #76, loader #123
- Delivered new dumpster to electric barn and got rid of old one
- Spent several days hauling off brush from drop off site out to brush pit at old landfill
- Spent a few days and built a storm sewer inlet box and a grate on Jefferson by Stidham Electric
- Inspected a sidewalk, and driveway approaches for 2 new houses on Addie lane for contractor
- Installed a new water fountain at the street barn
- Got load of salt and put into shed
- Spent several days working on drainage
- Met and talked with several homeowners about driveway culverts and gave them estimates.
- Loaded scrap dumpster with old appliances
- Met at the dog pound and discussed new dog pound project
- Replaced seal on brush hog and 2 pins on the boom mower
- Met with contractor and checked street cut on s. Allen before he poured concrete
- Borrowed the sewer machine and flushed several culverts
- Did some ditch cleaning on Poage, Collier, Southwest Circle, Walnut, Fairgrounds
- Took snowplow and spreader off of dump truck
- Spread millings on landfill road
- Formed and poured concrete to repair inlet on Singleton and built new grate
- Trimmed tree limbs on Orchard that were hanging into the street
- Attended loss control/safety mtg with MIRMA at city hall
- Hauled off debris pile at the street barn
- Tore out old metal culvert in alley on Walnut and set 20ft of 12in metal culvert
- Removed old culvert and concrete in ditch on Head st
- Dug out old culverts and set 2 – 20ft of 12in metal culvert on s. Allen for 2 new houses
- Met with Mike and looked at several drainage projects
- Removed old culvert and set 40ft of 12in metal culvert at 537 s. Rollins for homeowner
- Dug out and added 12ft in 10in metal culvert to widen driveway at 705 Sappington for homeowner
- Met and talked with several homeowners about sidewalks and drainage

## **Professional Grant Services Proposal For the City of Centralia**

### **Community Development Block Grant – Grant Writing, Grant Administration and Environmental Review Services**

The Mid-Missouri Regional Planning Commission (Mid-MO RPC) represents forty-five (45) local governments within Boone, Callaway, Cole, Cooper, Howard, and Moniteau counties.

Mid-MO RPC provides project management, technical assistance, environmental review services, grant writing, and administrative support for Community Development Block Grant (CDBG) funds. Mid-MO RPC is recognized on the CDBG list of qualified project administrators by the Missouri Department of Economic Development (MO DED), and Mid-MO RPC staff participate in all available grant training and application workshops sponsored by MO DED.

Grant Writing, Grant Administration and Environmental Review assistance:

- Professional staff with direct experience in writing successful CDBG applications, successfully administering CDBG projects and completing environmental review reports for CDBG projects
- Sufficient personnel available to provide attentive customer service for all phases of the CDBG grant application and CDBG grant administration process, including environmental review
- Strong interest and commitment to promoting community and economic development for our membership within the Mid-Missouri region.

### **Specialized Experience, Technical Competence and Capacity to Perform All Grant Related Activities**

Mid-MO RPC staff members have proven their capabilities to fulfill all CDBG guidelines and grant administration functions through the successful completion of previous projects. Mid-MO RPC has successfully provided administration and environmental services on over twenty (20) completed CDBG projects and is currently administering an additional eight CDBG projects.

Mid-MO RPC is approved as a Project Administrator by MO DED, and staff members actively participate in all available grant and environmental trainings and application workshops.

## Past Record of Performance – List of Clients’ Projects

Mid-MO RPC administers and completes projects in a timely, efficient, and effective manner. The duties of administration include organized record keeping, prompt processing of forms, reports, and other necessary documentation, coordination with clients, engineers, contractors, and state departments, and fulfillment of all requirements and deadlines.

### Current CDBG Projects

Community	Project Type	CDBG Grant Award
<b>Russellville</b>	Road and Stormwater	\$500,000
<b>Armstrong</b>	Demolition	\$125,000
<b>Fayette</b>	Wastewater Collection System	\$500,000
<b>Bunceton</b>	Wastewater	\$500,000
<b>Russellville</b>	Wastewater	\$500,000
<b>Lohman ADA Improvements</b>	Community Facilities	\$56,812
<b>Centertown</b>	Water	\$625,000

### Past CDBG Projects

Community	Project Type	CDBG Grant Award
<b>Boone County / American Outdoor Brands</b>	Industrial Infrastructure	\$1,840,860
<b>Centralia Demolition</b>	Demolition	\$165,965
<b>Holts Summit / Pro Foods</b>	Industrial Infrastructure	\$260,000
<b>Holts Summit</b>	Wastewater	\$315,000
<b>Armstrong</b>	Road Improvements	\$377,477
<b>New Franklin</b>	Wastewater	\$500,000
<b>Boone County / Manchester Heights</b>	Wastewater	\$210,000
<b>St. Thomas</b>	Demolition	\$48,325
<b>Glasgow</b>	Wastewater	\$158,000
<b>Holts Summit / Pro Foods</b>	Industrial Infrastructure	\$381,856
<b>Clarksburg</b>	Water	\$500,000
<b>St. Thomas</b>	Wastewater	\$295,000
<b>Wardsville</b>	Water	\$50,500
<b>St. Martins</b>	Senior Housing Rehabilitation	\$58,628
<b>Boonville / Caterpillar</b>	Industrial Infrastructure	\$565,000
<b>Auxvasse</b>	Wastewater	\$500,000
<b>California</b>	Senior Housing Rehabilitation	\$157,134
<b>Armstrong</b>	Housing Renovation	\$50,000
<b>Callaway County</b>	Industrial Infrastructure	\$248,550
<b>Pilot Grove</b>	Senior Housing Rehabilitation	\$165,239
<b>Rocheport</b>	Senior Housing Rehabilitation	\$178,580

<b>Cole County</b>	ADA Compliance	\$250,000
<b>Otterville</b>	Bridge, drainage and streets	\$359,317
<b>Cooper County</b>	ADA Compliance	\$178,580

## Proximity and Familiarity with the Project Area

One of the guiding principles established by the Board of Directors of the Mid-MO RPC is to promote community and economic development throughout the Mid-Missouri region. The Mid-MO RPC office location in Ashland, Missouri, allows staff to provide quality project coverage for our entire region, including Centralia and all of Boone County. Mid-MO RPC staff members are available to attend meetings, contact state and local officials, coordinate with engineers, and provide experienced professionalism for all facets of a project through its completion. Mid-MO RPC has a long history of working with communities in the area, including CDBG projects for Centralia and Boone County.

## Scope of Services

Mid-MO RPC staff members will provide grant writing, project administration and environmental review report generation services for the CDBG grant funds including, but not limited to, ensuring the project conforms to the CDBG compliance areas of environmental review, financial management, procurement, labor standards, equal opportunity/civil rights, citizen participation, acquisition/relocation, and close-out. To maximize efficiency – we use a team approach that will allow us to prepare the environmental review and the grant applications concurrently if required. Mid-MO RPC staff will provide the following services and technical assistance to ensure successful administration and completion of projects:

1. Coordination and point of contact with MO DED and the CDBG program staff;
2. Ensure that all CDBG environmental review requirements are satisfied, including:
  - a. Notification of proposed project to all required state and federal agencies and tribal organizations
  - b. Evaluations of project impact
  - c. Preparation and submission of environmental review report in compliance with CDBG report requirements
  - d. Preparation of the Finding of No Significant Impact (FONSI) and other required publications
3. Citizen participation requirements;
4. Grant start-up activities including assistance with establishment of a CDBG bank account, preparation of required ordinances and resolutions, and setup of administrative files;
5. File management and document preparation throughout the entire project;
6. Request for Funds (RFF) preparation;
7. Preparation of required documents by the Uniform Acquisition Act when applicable;
8. Fair housing compliance forms and composition of ordinances and resolutions;
9. Editing and review of all contract documents;
10. Preparation and filing of all closeout documentation at the completion of projects; and

11. Oversight and assistance with CDBG monitoring sessions.
12. Assistance with USDA-RD grant/loan requirements associated with this project as requested.

## Cost of Services

CDBG Grant Administration (including Environmental Review): To be determined (see below)

CDBG Grant Application Preparation: \$0.00

The total charge for administration services for this project would be calculated using CDBG's administration formula which is \$10,000 plus 4% of the amount of the CDBG funds proposed for construction activities. CDBG administration is a grant eligible cost meaning grant funds can be used to pay for administration.

This price includes the cost of conducting an environmental review that is consistent with all CDBG requirements. The City would be responsible for paying for costs of public notices publication that are associated with the grant application, environmental review and closeout.

Mid-MO RPC provides **free grant** writing services to its members. Since Centralia is a Mid-MO RPC member, we will prepare the CDBG grant application at no charge.

Mid-MO RPC is a registered participant in E-Verify and is in compliance.

Company **ID number: 355763**

**Activity Report  
Water Department  
March 2021**

**Plant/Distribution Water**

- Monthly Meetings
- Monthly Work orders
- Monthly Locates
- Excavation prep for inserta valves on North St.
- Install inserta valves on North St. and at the Water plant.
- Fixed leaking 12" tee fitting on North St.
- Replaced leaking key valve at 710 Ash St.
- Drained and cleaned both primary and secondary clarifiers in coordination with Martin General Contracting.
- Drained and cleaned clearwell 300,000 gallon holding reservoir.
- Drained and inspected re carb room at the water plant during shut down.
- Completed fiscal year inventory.
- DNR water plant project upgrade. Aaron & Mike present.
- Installed new register at Prenger's car wash meter.
- Excavated two water line taps on Southgate for new construction.
- Vacuumed hole on Lakeview St. to thump new water line in for new construction.

**Wastewater Collection System & Lagoons**

- Pumping water to farmer's reservoirs.
- Checking all irrigation informational sheets and prepping to give those out.
- Camera work on Pratt St. and Mitchell St.
- Jet sewer line on Howard Burton that services Hubbell.
- Met with customer at 309 Lakeview St. for sewer issues.
- Excavated line on Audrain Rd. 224. Boring company hit the waste water transmission line.
- Met with plumber on sewer issues on Booth St. Coordinated work for future project.
- Assisted plumber with sewer issue behind Jenkins residence.

**Water Plant Upgrade**

- Primary and secondary clarifiers are disassembled. Finishing checking lines and starting to put headworks back in.
- Stationary generator and mobile generator delivered.
- Back wash arms installed in filter median.
- New finish water meter installed in basement.
- Valves and actuators installed down in basement.
- Electrical work 50% done.
- Blowdown room control panels installed.
- Catwalk planks are inside Street Department shed getting sandblasted and painted.
