OLD BUSINESS

10. Discussion - Lead Line Inventory

Minutes:

Administrator Strain reported the City was approved for a \$102,000 grant from Dept of Natural Resources, for the required lead line inventory project. The remainder of the cost would be financed in the form of a loan. The City may have the bonding capacity for this balance; if not, it must be placed on an upcoming ballot for public approval. The grant work must be performed by a third party, not city employees. Administrator Strain is awaiting a reply from bonding company Gilmore & Bell, to determine if the City does have bonding capacity for approximately \$300,000. As the deadline to submit a sample ballot to the county clerk's office is August 29, time is limited to draft the ballot. Attorney Mayfield suggested the city seek an extension from DNR, if needed.

11. Discussion - RV Ordinance

Minutes:

City Attorney Mayfield had presented to the Board a draft copy of a proposed ordinance regarding RV parking within city limits. Mayfield asked the Board if they are seeking to restrict where parking is allowed, or to prevent RVs from being used as residences. Discussion was held regarding the option to require a temporary "hang tag" permit for visitors, to assist in policing the ordinance. Alderman Hudson expressed that citizens who are properly storing their RV on a pad or concrete area should not be penalized by requiring the RV be stored in a shed. Alderman Magley asked if

an ordinance exists to prohibit plugging the RV into an existing structure; Mayfield advised such an ordinance has not yet been located. The Board ultimately requested Mayfield strengthen the city's ordinance that addresses occupancy permit requirements, in an effort to prohibit the RV from being used as a long term abode. A revised draft will be presented to the Board at an upcoming meeting.

NEW BUSINESS

12. Tree Services for the City

Minutes:

Administrator Strain reported that the City has traditionally included a budget line annually for tree removal services. Bids were then obtained and the electric department would prepare a list of trees that needed to be removed by the contractor. Once these trees were removed, normally within a few month's time span, the city was left with no funds for tree removals that arose later in the year. Administrator Strain and Public Works Director Matt Rusch would prefer to move to a type of "on call tree contractor" contract. RFQ and bids would be obtained for a contractor who would conduct tree services as need throughout the year, following the awarding of an annual contract. Discussion was held and the Board agreed this would be a more efficient process.

13. MAYOR

14. CITY ADMINISTRATOR

Minutes:

City Administrator Strain instructed the Board that Williams & Keepers Auditors have a conflict with presenting the final audit to the Board on September 18. Discussion was held regarding holding a special meeting in September to approve the audit. Attorney Mayfield advised that the City is able to submit a final, unapproved audit to the State Auditor's office by the end of September; it does not have to be first approved by the Board. In light of this, the Board decided they would not schedule a special meeting, and would place the audit on the October Board agenda.

a. Monthly Report

15. CITY ATTORNEY

16. CITY CLERK

Minutes:

City Clerk Marilyn Dick reminded the Board that several staff members, and the Mayor, will be attending the annual MML conference in September. Due to recurring problems with the city's vendor for uniform and rug cleaning and delivery, that contact will end on or around September 1.

19. AS MAY ARISE

a. Community Room

Minutes:

Administrator Strain led discussion on the state of the community room. Several walls are in disrepair, with plaster and wall coverings buckling and falling off, causing a potential danger to occupants. The city's insurance loss control representative cautioned the city against renting it to patrons. Strain suggested the room no longer be rented out until such time as repairs are made. Costs of the repairs would come from the general fund, which had not been budgeted for these repairs this year. Mayor Cox asked if it is rented often, to which City Clerk Dick replied it is rented sporadically during the week, but is used every weekend, often for multiple days. Rental fee is \$50 for city residents, and \$100 for those outside city limits. Dick also reminded the Board that city elections have been moved to the Community Room, and the county election board will be coming soon to inspect the facility. The Board agreed to view the facility and likely obtain bids for repair. In the interim, the Board directed city staff to suspend any additional reservations until a final decision is made; existing reservations will remain on the calendar pending further action.

b. Moving September Committee Meetings to September 18 with Regular BOA Meeting
