Group Fitness Class Descriptions

Traditional Yoga: focuses on improving core body strength,toning, and flexibility by doing traditional yoga poses and stretches in a calm dimly lit setting. For experienced yogis but modifications will be made for a beginner

Seniors in Shape:geared towards senior citizens who are interested in developing balance and upper body strength. Most exercises will be performed sitting in a chair while using pool noodles, 3-5 lb weights and or stretch bands. May be modified for those who prefer to stand and exercise

Body bar:low impact aerobic activity for all fitness levels and focuses on strength toning using 5/10/15 lb body bars

Step Aerobics/Body Blast: class uses step platforms. Instructor provides moves for all levels of stepper and moves can be performed on the floor as a modification. Class uses hand weights, medicine balls, exercises mats and is perfect for all fitness levels

Meet the Instructors

Emily:

I have always enjoyed physical activity and moving non-stop. I started dance class at age 3 and joined my first gym at age 12. I truly LOVE to workout and sweat. I love how I feel and I enjoy being and staying healthy. I have 3 kids (20,16,12) and teach second grade in Hallsville. In my free time I love to read, cook, clean, quilt, and be outside doing chores.

I teach step aerobics, body blast, and am certified to teach Zumba.

My motivation to workout has always been how it makes me feel and also staying healthy so I can be around for a long time for my kids! My parents both have passed due to diseases, that if

they took better care of their health, could have lived a lot longer. I want to keep ladies healthy so they can be there for their families for many years!
