

Cemetery Directory

The City Cemetery directory map is available online ([cemetery information](#)) or there is a physical copy of the directory located at the north end of the cemetery. The directory was built based on plans obtained from the Paris Walnut Grove Cemetery. This directory was made possible from citizen donations, volunteer labor and materials donated by LaCrosse Lumber.

Volunteers who helped to construct the directory are:

Ed Thall

Mike Colvin

Ivan Sweezer

Denny Rusch

Maps are located in the directory to assist locating grave sites as well as an alphabetical listing of all grave space owners. (We hope to have this list available on our website in the future).
