

Business Licenses

The City Clerk's office processes all business license applications for the City of Centralia. License applications are accepted year round for new businesses, with an automatic renewal date of January 31st of the following year and renewal information is typically mailed out in December.

Business license fees vary based on the type of business being conducted, and a full list of the license fees can be found in the [City Code Chapter 16](#).

The City does not license contractors or electricians, however plumbers **are** required to be licensed with the City. The annual license fee for all plumbers is \$18.
